interests.

about me.

Formerly a hospitality professional with more than 14 years experience. I elected to make the change from hospitality to web development to satisfy my curiosity in technology and also help make the internet, whether for better or worse! I am eager to learn and improve my skills to become the best developer I can be.

my education.

2015

The Iron Yard | Orlando, FL
Front-end Engineering

2010

Le Cordon Bleu College of Culinary Arts | Scottsdale, AZ
B.A. in Hospitality and Restaurant Management
